

*We agree that if we are selected to be on the Pack for a Purpose website:

- We will maintain a **hyperlink to the page created for us on the Pack for a Purpose website and the text in Step 2** on the content area of the page where our project is listed on our own website. Placement in the footer does not fulfill this requirement;
- **We will not keep a needs list on our own website**, but make sure that the Pack for a Purpose logo and the words "click here" in the paragraph click directly through to our page on the Pack for a Purpose website where our project needs are listed. When our projects' needs change, we will fill out the submission form on the Pack for a Purpose website so that Pack for a Purpose can update our needs list as necessary to keep it current;
- We will deliver all supplies we receive from Pack for a Purpose travelers to the project(s) for which they were requested, "in a timely manner," and **we will report back to Pack for a Purpose every four months January May and September with a best estimate of the weight of supplies** we have received from Pack for a Purpose travelers;
- If/when we redesign our website, **we will maintain a description of our project and the placement of the Pack for a Purpose wording and logo, which links through, to our Pack for a Purpose page.** Placement in the footer does not fulfill this requirement. **We will notify Pack for a Purpose of any change to the URL so Pack for a Purpose can maintain the working link.**
- Pack for a Purpose may refer on its website to our accommodation or tour company and the project(s) we support, may include on its website any photos that we send to Pack for a Purpose, and may allow media outlets to use any such photos in connection with their reporting on Pack for a Purpose; and
- We will like, follow, and/or pin Pack for a Purpose on all the social media we use. (Pack for a Purpose will reciprocate by liking you on Facebook and following you on Twitter, Instagram and Pinterest.)

*By submitting this application, we represent that:

- We are authorized to submit the name of and description of the project(s) that we support, the list of supplies needed by the project(s), and any photos of our accommodation or of the project(s) that we have provided to Pack for a Purpose, any of which Pack for a Purpose is authorized to include on the Pack for a Purpose website, in any social media content prepared or utilized by Pack for a Purpose, in any advertising or publicity by or about Pack for a Purpose, or in any articles or reporting on Pack for a Purpose published by third parties with the permission of Pack for a Purpose.

If you do not comply with agreements you have signed your page will be removed from the website until you are back in compliance with the agreements.
